RE: Anthony and Diane Urlakis: two lot Certified Survey Map (CSM), a redivision of CSM No. 1672

Dennis,

I have reviewed the "resubmittal" of the two lot CSM that had previously been approved by the Village in 2006. The only revisions to the CSM is the change of date to reflect the current year and the addition of the Walworth State Bank as the mortgagee.

Pending any concerns of the Village Plan Commission or the Village Board of Trustees, I recommend approval of this CSM with the stipulation that the document be properly recorded within one year of village approval and that the applicant provide the village a copy of said recorded document.
