To: Village of Fontana on Geneva Lake Property Owners Associations

Re: Notice of Snow Plowing Statute Compliance Directive

Village of Fontana Property Owner Association:

Following discussion with the Village attorney at the October 6, 2014 Board of Trustees meeting, the Village Board directed the administrative staff to mail out the enclosed Snow Plowing Agreement to the Village of Fontana property owner associations that have been receiving snow plowing services of their private roads and driveways by the Department of Public Works crew. The proposed agreement, which calls for a \$250 administrative fee, must be filed with the Village in order for the service to be continued in the 2014-15 winter season.

Staff was also directed to research the exact costs of providing the snow plowing services for consideration when the issues connected to the plowing of private roads and driveways are revisited in the spring of 2015.

The enclosed Snow Plow Agreement was the resolution reached by the Village Board for the 2014-15 winter season after the issues were discovered by staff when researching a Public Works Committee directive. For your reference, enclosed with this note and the proposed agreement are copies of the state statute information provided by the League of Wisconsin Municipalities and the meeting minutes for the referenced Public Works Committee directive.

If you have any questions, please contact me at the Village Hall.

Sincerely,

Dennis Martin, Village Administrator
